PROFESSIONAL SUMMARY

Experienced **Senior Front-End Engineer** and **Technical Lead** with 18+ years in crafting scalable, accessible, and maintainable web applications. Expert in **React**, **TypeScript**, **HTML5 semantics**, **CSS3** and **Design Systems**. Passionate about **developer experience**, **web performance**, and **accessibility (a11y)**. Proven leader in mentoring teams, improving FE architectures, and delivering quality software in agile environments.

TECHNICAL SKILLS

Languages & Frameworks: React, Angular, TypeScript, JavaScript (ES6+), Node.js, HTML5, CSS3, SCSS

Design Systems & UI Libraries: Storybook, Styled Components, Material UI

Testing & QA: Jest, React Testing Library, Cypress, Playwright

Accessibility: WAI-ARIA, Semantic HTML, keyboard navigation, screen reader testing

DevOps & Tools: Docker, AWS, Git, GitHub Actions, GitLab

Databases: PostgreSQL, MongoDB, Redis, MySQL

Other: CI/CD, ViteJS, Webpack, REST APIs, Agile/Scrum, Mentoring, Technical Documentation

PROFESSIONAL EXPERIENCE

FE Software Engineer

ADEMU (ademu.ai) — Athens, Greece

Nov 2024 – Mar 2025

- Built the web front-end for an Agentic AI startup using **React**, integrated with **AWS** infrastructure.
- Delivered performant, responsive UIs with semantic markup and accessibility best practices.

FE Technical Lead

FTI Touristik Group (Anixe Hellas) — Athens, Greece

Mar 2021 – Jun 2024

- Spearheaded the design and implementation of a scalable **Design System** in **React**.
- Mentored a team of front-end engineers, improved code quality through reviews and best practices.

- Championed accessibility and testing (Jest, RTL), introduced semantic standards across codebases.
- Defined front-end strategy and tooling selection, enhancing developer productivity and performance.

Senior Front-End Engineer

FTI Touristik Group (Anixe Hellas) — Athens, Greece

May 2018 – Mar 2021

- Developed modular **Angular** apps for contract management and back-office tools.
- **Led** initiatives for front-end architecture and CI/CD pipeline integration (Docker).
- Created reusable libraries and contributed to team-wide style guides.

Senior Front-End Developer

Ryanair Labs — Dublin, Ireland

Nov 2016 – 2018

- Developed **Angular 5** micro-modules for Ryanair Rooms.
- Collaborated with cross-functional teams to launch performant, customer-facing features.
- Conducted internal training, drove improvements in code standards and testing practices.

Senior Software Engineer

UNIFY / Siemens Enterprise Communications — Greece

May 2008 – Oct 2016

- Built complex enterprise web solutions using AngularJS, Node.js, Java EE.
- Delivered high-performance UI components and REST services.
- Developed internal testing tools and maintained high unit test coverage.

SAP R/3 Developer (Consultant)

Framework (IBM Partner) — Greece

Nov 2007 – Apr 2008

- Delivered ABAP-based solutions supporting SAP consultants at Hellenic Army & FAGE.

EDUCATION

Diploma in Computer Engineering & Informatics

University of Patras, Greece (2000 – 2005)

Graduation project: Embedded USB system on ARM9

LANGUAGES

Greek: Native

English: Excellent reading, good writing and verbal

STRENGTHS

- Team mentorship & leadership
 - Code quality & documentation
 - Cross-functional collaboration
 - Performance optimization & accessibility
-

INTERESTS

Spending time with my Wife and our Dog, Playing guitar, Reading Technical Books, Side Hustling on open source projects, Traveling the World and Attending Conferences, Watching Seminars.
