

NIKOLAOS MARGARIS

Senior Front-End Engineer & Technical Lead | Web Accessibility Advocate

Athens, Greece • +30 694 484 7366 • reverence23@gmail.com • nikolaosmargaris.gr

PROFESSIONAL SUMMARY

Experienced Senior Front-End Engineer and Technical Lead with 18+ years crafting scalable, accessible, and maintainable web applications. Expert in React, TypeScript, HTML5 semantics, CSS3, and Design Systems, with a strong focus on WCAG-compliant, inclusive web accessibility (a11y). Proven track record embedding accessibility standards into design systems and engineering workflows, mentoring teams, and delivering quality software in agile environments.

SKILLS

Languages & Frameworks: React, Angular, TypeScript, JavaScript (ES6+), Node.js, HTML5, CSS3, SCSS

Testing & QA: Jest, React Testing Library, Cypress, Playwright

DevOps & Tools: Docker, AWS, Git, GitHub Actions, GitLab, CI/CD, ViteJS, Webpack

Practices: REST APIs, Agile/Scrum, Mentoring, Technical Documentation

Core Strengths: Team leadership, accessibility-first development, code quality, cross-functional collaboration, performance optimization

Design Systems & UI: Storybook, Styled Components, Material UI

Web Accessibility (a11y): WCAG 2.1/2.2 AA, WAI-ARIA patterns, semantic HTML, keyboard navigation, screen reader testing (NVDA, JAWS, VoiceOver), accessibility audits, axe DevTools, Lighthouse, color contrast & focus management

Databases: PostgreSQL, MongoDB, Redis, MySQL

Emerging Tech: Agentic AI systems, AI-driven UI workflows

PROFESSIONAL EXPERIENCE

Front-End Software Engineer | Morphoses — EduTech

Jul 2025 – Present

- Improving and implementing the front-end for morphoses.io, an eLearning platform delivering an innovative soft-skills improvement solution for learners aged 6–18.

Front-End Software Engineer | Ademu — Agentic AI Startup

Dec 2024 – Mar 2025

- Built the web front-end for an Agentic AI product, developing user-facing interfaces for AI-driven, agent-based workflows using React, integrated with AWS infrastructure.
- Delivered performant, responsive UIs with semantic markup, ARIA support, and WCAG-aligned accessibility best practices.

Front-End Technical Lead | Anixe — Tourism & Travel

Mar 2021 – Nov 2024

- Spearheaded the design and implementation of a scalable Design System in React.
- Mentored a team of front-end engineers; improved code quality through reviews and best practices.
- Led web accessibility strategy across the Design System, driving WCAG 2.1 AA compliance through ARIA patterns, semantic HTML, and keyboard-navigable components.
- Championed accessibility testing (Jest, RTL, axe, screen readers); introduced semantic standards and a11y guidelines across codebases.
- Defined front-end strategy and tooling selection, enhancing developer productivity and performance.

Senior Front-End Engineer | Anixe — Tourism & Travel

May 2018 – Apr 2021

- Developed modular Angular applications for contract management and back-office tools.
- Led initiatives for front-end architecture and CI/CD pipeline integration (Docker).
- Created reusable libraries and contributed to team-wide style guides.

Senior Front-End Engineer | Ryanair Airlines

Nov 2016 – Apr 2018

- Built the entire front-end for Ryanair Rooms using Angular 5, from architecture through delivery.
- Collaborated with cross-functional teams to launch performant, customer-facing features.
- Conducted internal training and drove improvements in code standards and testing practices.

Senior Software Engineer | Unify — Telecom

May 2008 – Oct 2016

- Built complex enterprise web solutions using AngularJS, Node.js, and Java EE.
- Delivered high-performance UI components and REST services.

- Developed internal testing tools and maintained high unit test coverage.

SAP R/3 Developer | FrameWork - IBM

Nov 2007 – Apr 2008

- Delivered ABAP-based solutions supporting SAP consultants at Hellenic Army & FAGE.

EDUCATION

Diploma in Computer Engineering & Informatics — University of Patras, Greece (2000 – 2005)

Graduation project: Embedded USB system on ARM9

LANGUAGES

Greek: Native **English:** Excellent reading, good writing and verbal

INTERESTS

Spending time with my wife and our dog, playing guitar, reading technical books, side-hustling on open-source projects, traveling and attending conferences, watching seminars.
